JUNE 16th ANNUAL MEETING

Sy Adler was in his usual rare and humorous form as he introduced the board members and heads of the various committees and focus groups who help keep our organization so dynamic and interesting. Sy also welcomed our guests: Chancellor Deborah Ford, Kenosha Mayor Keith Bosman, and Consuela Clemens, Associate Director–International Education Program at Parkside.

Sy then conducted the business meeting where last year’s minutes were read by Sue Goelz, Frank Santarelli reviewed our financial situation, Julie Friedman asked the members to approve some modifications to our by-laws, and Darleen Chiappetta called for the election of our new officers. Ted Anderson presented Sy with a book in appreciation of his work as ALL’s president for the past two years. Joyce Gyurina introduced Russ Johnson and his group of toe-tappingly terrific musicians who ended our meeting with some great jazz.

CHANGING OF THE GUARD

At our annual June board meeting, Ted Anderson accepted the position as the new president of ALL. Members joining the board include Pam Drummond, Patricia Frost, Ron Story and Wendi Schneider. Welcome Aboard!

**Handing Over

Thanks for your time, energy, ideas and contributions, folks! Joyce Gyurina also completed her term as a member-at-large, but will remain on the board in her new position of chair of the Social Committee.

COMMITTEES

ALL'S WEEK OF LEARNING COMMITTEE

Judy Reynolds, 262.694.9773, jreyno42@sbcglobal.net

Marion Sperer, 2262.634.0336, mjs1831@yahoo.com

Our 15th Week of Learning attracted 46 participants. Our focus this year was on new techniques and developments in medicine, including the specialty fields of osteopathy, radiology, Oriental medicine, bio-molecular engineering, trends in environmental/public health, and cardiology – with an emphasis on eating whole plant-based foods to prevent heart disease. Other topics focused on mental illness, rising medical costs, and meeting the medical needs of our aging population.

We took a fascinating trip through the Blood Research Institute in Milwaukee where we learned about their extensive research projects and saw some of the high-tech equipment in a tour of their many diagnostic and research labs. Next, our visit to the Body World exhibit at the Milwaukee Public Museum was equally fascinating. We ended the week with a field trip to the International Museum of Surgical Science in Chicago for a look at medical practice “way back in the day” followed by a wonderful (yet healthy) lunch at Mike Ditka’s. A lively and informative presentation from the AMA’s VP in charge of improving health outcomes followed, giving us critical info about pre-diabetes and its prevention. But not to worry, our snacks and lunches were very healthy all week (including oatmeal for one of our snacks, and a veggie lunch – yay, kale!) with the UWP food service providing calorie counts and nutritional info for their yummy meals.

AUDIO-VISUAL COMMITTEE

Larry Gregg, lgregg@wi.rr.com

Jarlene Kriehn, jkriehn2007@att.net

Just a reminder that Larry video tapes the ALL lectures, so if you missed one or have a favorite you’d like to see again, you can check out a CD disk at the Monday lectures to watch on your computer.

CLASS COMMITTEE

Merilee Unrath, mleeu@wi.rr.com

Patti Gross, patriciagross368@yahoo.com

From January through June, our adventures in learning included the political impact of movies from 1945 and 1960. We toured the Case Tractor Plant and lunched at Wells Brothers Italian Restaurant. In February and March, the Met Opera “Live at the Movies” series of classes continued, and we visited the Kenosha Public Museum for an archeology lecture covering the Ice Age, followed by an ethnic Irish lunch at Ashling on the Lough. March was a month of music, including jazz, rock, and theater and church organs. In April, we were studied Shakespeare’s “Taming of the Shrew.” Then in May, we investigated Sustainable Agriculture, which took us to the urban garden on Parkside’s campus. The class on the culture of the 60’s prepared us for “Hair.” June was AWOL – “For the Health of It.” So the spring of 2014 has been a great adventure in learning.

Tuesday, July 8th

Mark Herzberg will present a class on the Thomas Hardy House in Racine, designed in 1905 by Frank Lloyd Wright, plus we’ll learn about the SC Johnson’s Research Tower, also designed by Wright (and just opened to the public in May, 2014). Herzberg was the Director of Photography for the *Racine Journal Times* for many years. This class will meet in Tallent Hall, room 182 from 10 – 12.

Two Wednesdays, August 20th and 27th

Anna Antaramian McGuire will review of some of the Agatha Christie mysteries as performed by various actresses. An “Abundance of Agatha Christie” is scheduled for 10 – 12 in Tallent Hall room 182.

Two Wednesdays, September 10th and 17th

Dr. Laura Gellott is Professor Emerita of History at UW-Parkside where she was a member of the faculty for 30 years. She chaired the History Department for eight of those years and was twice the recipient of the Stella C. Gray Teaching Excellence Award. The class, centering on the history of the Austrian Hapsburg Empire, will be held in the Cinema from 10 – 12.

Look for the flyers and mark your calendars for all the adventures in learning that are coming your way. Please feel to contact us with any suggestions for future classes.

LECTURE COMMITTEE

Mac McCaughey mmctwo@wi.rr.com
Lectures at 2pm in the Parkside Student Cinema

July 7: “Teaching Everything About Cannabis and Hemp (T.E.A.C.H) by Justin Kemp, executive

director of southeastern Wisconsin “NORML” (National Association for the Reform of Marijuana Laws).

This presentation will provide facts, as well as dispel misinformation, about cannabis and hemp. It will look at the history of cannabis prohibition, the implementation of the Marijuana Tax Act of 1937 and the Controlled Substance Act of 1970. Mr. Kemp will discuss Wisconsin’s current situation and legislation, and NORML’s continuing efforts to support common sense policy regarding cannabis and the hemp industry.

July 21: “Teaching in the 21st Century: How UW-Parkside’s ‘Institute of Professional Development’ is Meeting Today’s Educational Challenges” by Shannon McGuire. Ms. McGuire is the director of Advanced Professional Development at Parkside.

After three years of planning – and with input from over 100 university staff, regional K-12 school district partners, and community agency leaders – the newly formed Institute of Professional Development opened its doors in the fall of 2013 to its first students enrolled in the new Educator Preparation program. This presentation will discuss what it means for UW-Parkside to have the Institute, and how its programs are meeting the needs of not only undergraduate educator-preparation students, but also those of high school students interested in teaching, and professional educators already employed throughout our region.

August 4: “Money and Politics” by Oran and Omar Dyette. Oran is a Human Resource professional by day, and an armchair political ‘talking head.’ He currently leads the overall EEO and Diversity function for Reynolds, Inc., a leading plastics manufacturer with more than 14,000 employees. Oman is an undergraduate student with eclectic interests. He worked with the Ohio Public Interest Research Group to educate and register voters during the 2012 presidential campaign.

Recent court rulings have erased a century of campaign finance laws and resulted in declining public trust. This presentation will focus on the Citizens United Supreme Court decision, its impact on the political landscape, and the ways that ordinary citizens are responding to the proliferation of Super

PACs and “dark money” in state and national elections.

August 18: “The Criminal Justice System and Victims of Crime” by Margaret Kendrigan, Adjunct Professor in Criminal Justice at Parkside (as well as teaching at Marquette and Carroll Universities

September 1: No lecture: Labor Day Holiday

September 15: “Current Illegal Drug Trends” by Michael Prochniak, Agent with the Racine County Sheriff’s Office since 1990, promoted to Criminal Investigations in 1996, and assigned to Narcotics Investigations since 2001.

Agent Prochniak will discuss illegal drug usage trends seen in Racine County and the rest of Southeastern Wisconsin. He will detail how illegal drugs from Afghanistan and Russia are being transported into the US, and will explain the practice of genetically manufacturing drugs in places like South America. We will hear how these drugs are also being developed – much the same as corn or tomatoes – for farm production in California.

Check the September All Points Bulletin for more information on other upcoming lectures.

PUBLICITY COMMITTEE

Karen Kempinen, 262.945.2091 kkempinen@gmail.com
As we near the 500-member level, the ALL Publicity Committee is working on several initiatives to support the theme “500 and Growing” to better publicize ALL’s vibrancy and growth!

At the Annual Meeting, we asked the All-A-Bloom members to donate their fresh flower centerpieces as door prizes to lucky folks. We posted a sign “500 and Growing” at the annual meeting registration table

(and will at future lectures as well) with ALL business/information cards – so pick up a few to pass out to potential members.

We are working with local media to get more coverage and articles about our ALL group, and events in general And we’re investigating additional ways of publicizing ALL, including an update to our history book, perhaps short video interviews of long-time members to post on our web page, and hosting a “Bring a Friend” coffee and cookies day (possibly before one of the lectures) to inform and welcome potential members.

We’re also hoping to include more photos and videos of some of the ALL trips, classes, and focus groups for a fun review by current members and to pique interest to try out some of our many ALL activities that can foster their personal growth.

We are looking for a few new members for the publicity committee, too, so contact me if you’re interested in working with us.

SOCIAL COMMITTEE

Joyce Gyurina 262-657-5990 joygy31@wi.rr.com

Hello, ALL. I’m Joyce Gyurina, the new chairperson of the Social committee (previously called Hospitality). First, I want to give a huge “thank you” to Barb Emick, who has chaired this committee the past three years. She has done a terrific job of planning the annual picnic, as well as organizing and scheduling greeters for our events. Barb, a job well done! We will miss your energy, effort and enthusiasm. But before she turns over the job, Barb is finalizing our annual picnic to be held Monday, September 8th, at Pritchard Park in Racine. Come prepared for good food and drinks, games, friendship, camaraderie, and maybe even a hike around the park. I’m looking forward to visiting with everyone and planning ALL’s future social events for your enjoyment and entertainment.

STRATEGIC PLANNING COMMITTEE

Sy Adler, 262 877.3628 seymouradler@gmail.com

Thanks to Charlotte Short and all of her work as previous chair of this committee, and for the efforts she and her team put into reviewing and updating ALL’s strategic plan. This committee will be chaired by Sy Adler (a new role for Past Presidents) as we look forward.

VOLUNTEER COMMITTEE

Kathy Hoffmann 847.746.3416 kathyhoffmann@mac.com
For many years, Parkside alum Joyce Gyurina and several others have volunteered to usher at the university’s graduation ceremonies: greeting guests, handing out programs, locating reserved seats for the handicapped, and helping first-time campus visitors find their seats. Joyce and her crew say it is very rewarding to witness the students get their diplomas and listen to their families and friends wildly cheer and applaud – a happy day for proud parents and a most joyous affair for the graduates.

We also have snow birds that play when they are here in town. So, please join us. Contact Patti Gross (contact info above) to be included in our schedule.

### INTERNATIONAL STUDENT FRIENDSHIP

**Linda Burch, lindaburch11@gmail.com**  
**and Jim Burch, 262.948.9249**  
If you want to the make the world a better place and meet bright, interesting young people from other countries, this is the group for you. There are many students, and we can always use more people, so please contact us if you are interested in joining the group. Members are involved only as much as they want to be — there are no set duties or time requirements. A friendly, open spirit and the desire to promote international goodwill are the only requirements. Members sometimes offer transportation, a home-cooked meal, shopping, or cultural adventures, etc.

Meeting dates are subject to change based on other student activities, so be sure to email Linda or call Jim to get on our list of instructions and reminders. New students will arrive at the end of August. This summer is an exciting time to join and help us plan our *annual picnic* to welcome them and to celebrate. We will participate in new student *orientation on August 28<sup>th</sup>*. Contact Linda or Jim for more details. Remember that if you are planning to drive students anywhere, Consuelo needs a copy of your driver’s license and proof of insurance.

The International Friendship Committee meetings for first semester are on Wednesdays at 10:30 in Greenquist 210. These are followed by Friendship Hours with students from the Parkside International Club at noon in Molinaro D127.

The International Friendship Picnic, generously sponsored by ALL, will be held on Saturday, September 20, at Petrifying Springs, Shelter #3. The picnic is from 1:00 to 4:00, but we ask our committee members to arrive no later than 12 to set up. We will bring fruit salads or desserts to supplement the food. We are looking for suggestions for food vendors because we lost our vendor from last year when George's Persian Restaurant closed.

Contact Linda Burch, lindaburch11@gmail.com. If you do not have email, please contact Jim Burch at 262.948-9249.

**OVER THE HILL HIKERS**

**Wren Ide at ALL-Hiking@wi.rr.com or 262.694.1046**  
The Over-The-Hill Hikers hike weekly April through October, primarily in locations throughout Racine and Kenosha counties, as well as Lake County, Illinois and the Milwaukee area, too. So far this year (despite the cold, wet weather) we have had several hikes including one at Lake Geneva, and one along the Kenosha lakefront to see the sculptures. A few places we will hike in the upcoming weeks are the Chiwaukee Prairie in Pleasant Prairie, Sterling Lake in Illinois, and at the Wehr Nature Center in Milwaukee.

Most hikes average about 2 miles, although they occasionally are a little longer. We hike the lakefronts, woods, parks and anyplace that sounds fun. Join us. Contact me at the email address above to be placed on the hiking email list.

**TECHNOLOGY**

**Tom Coe at tecoe@wi.rr.com**

**Frank Klein at frankmarnie@gmail.com**

**Roger Stasik at rrstasik@gmail.com**

"I'm Not a Techie. Can I Still Go to Technology Focus Group Meetings?" The Technology Focus Group started after a series of summer computer classes ended. Members wanted more! It was suggested that maybe we could meet monthly (except holidays and lecture days) and search out information on all things technology. And so... here we are. ALL members with any degree of technical ability are welcome. Why? Well, because members usually know more about a subject than they think. So we share information, ask questions, schedule speakers on specific topics and call on members to present information about their interests. Come to as many meetings as you want, go to all meetings and bring home something new each time, or go just when specific topics pique your interest. It doesn't matter because no money is charged and no reservations are needed. Join the email group list to receive meeting reminders and topics.

**Did You Know?**

When it rains, most birds head for shelter. The eagle is the only bird that, in order to avoid the rain, starts flying above the clouds.

And, a duck's quack will not echo – and no one knows why!

HIGHLIGHT ON . . .

the Membership Committee

From time to time, we're going to take a bit more in-depth look at the inner workings of a committee, focus group, and/or other ALL activities and functions. And since your participation in ALL began with signing up as a new member, we're going to start this HIGHLIGHT series by learning more about the membership committee.

Marilyn MacCaughey and Marion Sperer are the co-chairs of this committee, Marilyn working with membership now for seven years and Marion for five years. They're joined by a network of about 20 volunteers who take turns signing in our members at the free Monday lectures. In addition, this team also signs up new members on site and takes registrations and payments for upcoming classes and day trips. You can volunteer for a few sign-in sessions, too. Both Marion and Marilyn say that it's a great way for new (or even more established) members to put names to faces of others you're bound to meet.

Five or six years ago, Darleen Chiappetta realized that it might be a good idea to hold special introduction sessions for folks new to ALL, and it's turned out to be a very successful bi-annual event. The "meet and greet" just held in April welcomed 15 recent members, most of whom, we're glad to report, found out about ALL from friends (and even family members), and have already jumped in to some of our activities. As introductions were made, new members described some of their initial experiences as phenomenal (day trips interesting and well organized), fantastic (saving \$65/month from tips learned in the Technology focus group), and a few even expressed interest in offering some classes in areas of their expertise like foreign languages or paper crafts like scrapbooking and card making. One hubby who was "dragged along" said, "Hmm, it sounds interesting. I think I'm going to join."

Why such enthusiasm? Well, partly due to the descriptions of longer-term ALL members including board and committee chairs who shared glowing descriptions of their particular areas of interest in

ALL's many and wide-spread activities. The pictures they painted had such energy and zest that it almost made you want to leap from your chair and sign up for some of those activities, too! (OK, not quite that much zeal, but really, pretty close.)

What makes this all the more incredible is reflected in two facts. 1) Co-chair Marilyn noted that the dues first charged back in 1997/98 was \$40 and remains so today. Talk about anti-inflationary! (Hope I haven't jinxed it and the dues will now go up...). 2) ALL President Ted Anderson explained that our ALL group is independent and self-directed (we're under the University's umbrella, but we set our own direction) and works almost entirely through volunteer efforts (Vanessa is our half-time paid office assistant). Moreau MacCaughey further emphasized the importance of the volunteer aspect of our organization, noting that in the other dozen or so Lifelong Learning groups throughout Wisconsin, a university person does the planning and organizing of activities. Here, we depend 99% on volunteers, noting, "if we don't do it, it ain't going to happen; it's strictly a member-run organization." So welcome aboard. We're glad you're here!

**CONFIRMATIONS AND CHANGES VIA E-MAIL**

As a courtesy to you, confirmations are sent to you from the ALL office on classes and trips and also to inform you of any room changes we must make.

**This will only work if:**

1. We have a correct email address for you. Please write your email address carefully so we can read it and, if your email changes, send an email to our Program Associate at: greco@uwp.edu and tell Vanessa the new address.
2. You open your email and read messages. Please look at your email every few days!
3. For those of you without email, we call by phone and leave messages when there is no answer.

❖ **ODDS AND ENDS** ❖

In April, we had dinner at the Coquette Café, following a play at the Milwaukee Chamber Theatre. Inspired by the delicious food, one of our members, Barbara Scholwin, wrote to the *Journal Sentinel* saying, "I recently ate dinner at the Coquette Café. My menu choice was the grilled salmon with butternut squash risotto cake, sautéed baby spinach, balsamic marinated roasted red peppers, and truffle beurre blanc. I am so glad I made this choice because everything on the plate was so delicious! I would like to get the recipe for grilled salmon plus all the accompaniments if possible." Nick Burki and Chris Hatleli, chefs and co-owners, sent the recipes. Here's a link to the recipes: <http://tinyurl.com/ALL-UWP-recipe>

**Parkside's shuttle bus is not in service during the summer.** It is expected to begin again with the fall semester. The parking lot at Tallent Hall will still be accessed from County Trunk A. The construction project will close the round-about and access to the main parking lot will be from County Trunk JR, from both the south and west sides of the campus. Use the circle drive to the main parking lot and be sure to hang your parking permit from the rear view mirror in your car. Anyone with a disabled plate/placard may park in those designated stalls or at the meters.

When sending in registrations, be sure to mark "**ALL**" on the envelopes so the mail room knows where to deliver it.

If paying by credit card for classes, day trips or membership, the expiration date of your card must be included so the transaction can be completed.

Vanessa Greco staffs the ALL office in Tallent Hall #115 from 8:30 AM to 1:30 PM, Monday through Thursday (hours subject to change). If you wish to pay for memberships, parking permits or register for classes or day trips in person, please visit during these times.
