

12-1 System-wide Articulation Agreement Cover Page

Instructions: The originating college (OC) must complete this cover page and attach to the system-wide articulation agreement packet before submitting to the WTCS System Office.

It is the responsibility of the originating college to review and update the agreement by the listed renewal date and submit any changes to the WTCS office. Any changes must be reviewed by the colleges who signed the original agreement.

Please submit to programs@wtcsystem.edu when complete; the System Office is responsible for collecting ISA signatures.

Title of Program: HIT - HIMT Technology

Program Number: 10-530-1

Postsecondary Partner College: Univeristy of Wisconsin Parkside

Originating College: Waukesha County Technical College

Effective Date: 9/1/2024

Renewal Date: open

Date of Instructional Services Meeting: 9/5/2024

Form Last Modified on: 10/19/2020

Health Information Technology (HIT)

Associate of Applied Science
Curriculum Year 2024-25

Health Information Management and Technology (HIMT)

Bachelor of Science

Effective Date: September 1, 2024

The purpose of this program to program transfer agreement is to provide a seamless transfer opportunity for learners in the Wisconsin Technical College system who desire further education to enter the University of Wisconsin-Parkside. Through the collaborative efforts of faculty, student services, and administration, learners will encounter a clear path to reach their educational goals.

Learners who successfully complete the **Associate of Applied Science (A.A.S) in Health Information Technology (HIT)** in the **Wisconsin Technology College System (WCTS)** and who meet the admission requirements of the University of Wisconsin-Parkside and other conditions specified in this agreement will be admitted to the **Health Information Management & Technology program** with up to 64 credits toward a **Bachelor of Science** degree. This agreement is applicable for students who plan to complete either the Management Track or the Technology Track of the **Health Information Management & Technology** major.

PROVISIONS OF THE AGREEMENT:

1. **Admission and Eligibility.** It is the learner's responsibility to demonstrate fulfillment of the current admission requirements of UW-Parkside at the time of entry. The agreement is valid for students who started their program after the effective date and have successfully completed all A.A.S. degree requirements in **Health Information Technology (HIT)** at a **Wisconsin Technical College institution** and have a minimum cumulative GPA of **2.00** in program courses. The acceptance of credits applies only to this Program-to-Program Articulation. A change of major at UW Parkside may result in adjustments to the application of awarded transfer credit. For acceptance of equivalent courses, **Wisconsin Technical College System** courses must have been completed within 10 years or less from the time of admission to UW-Parkside. Courses completed more than ten years prior to admission will be assessed on an individual basis.
2. **Graduation Requirements.** Students of the HIMT program must complete a course in biology, a course in interpersonal communications, and college algebra. The biology requirement and the interpersonal communication requirements are satisfied by completion of the required **Health Information Technology (HIT) program**. Students must complete a math course that is not present in the **Health Information Technology (HIT)** program in order to satisfy the college algebra requirement. A total of 120 credits will be required to graduate from UW-Parkside with a minimum GPA of 2.00 or higher.
3. **Advising.** UW-Parkside and **Wisconsin Technical College institutions** will provide academic advising to **WCTS** learners inquiring about UW-Parkside programs. Learners will be connected with a UW-Parkside advisor prior to transfer. UW-Parkside and **WCTS institutions** will share materials, catalogs, and other information to facilitate their understanding of requirements and programs. **Wisconsin Technical College System institutions** will assist the UW-Parkside Admission Office in arranging recruitment events on its campuses.
4. **Marketing.** Any marketing of this agreement will be subject to the prior approval of both parties and will adhere to each institution's standards for the use of its name and logo. Each institution will assume responsibility for appropriate marketing to reach its student population. Each institution may provide a link to this agreement and/or the other institution at its website, with notice to the other party.

5. **Accreditation.** Both parties agree that failure to maintain regional accreditation will be grounds for termination of the agreement. Failure to maintain accreditation required by the specific academic program(s) referenced in this agreement will be grounds for exclusion of that program from the agreement.
6. **Tracking of Use.** If possible, **Wisconsin Technical College institutions** will provide UW-Parkside Admissions with the names of students planning to complete the articulation agreement with the intent to transfer to UW-Parkside. This will allow UW-Parkside to plan for the admission, advising and orientation of these transfer students. **Wisconsin Technical College institutions** also desires to track the use of articulation agreements by students. If possible, UW-Parkside will provide on an annual basis information about who matriculated to UW-Parkside.
7. **Periodic Review.** The **Wisconsin Technical College System** and UW-Parkside will collaboratively review and approve articulation agreements on a three-year cycle, starting September 1, 2024 or earlier if there is substantial program change (e.g. 20 % change in program). Each institution agrees to notify the other of significant curricular or policy changes in a timely manner. Annually, programs will review agreement and notify the respective Provost office of minor program updates.
8. **Cancellation.** Both parties agree to provide at least one-hundred eighty (180) days' advance written notification of their intent to cancel this agreement. **Wisconsin Technical College institution** students who apply to UW-Parkside prior to the cancellation date will be permitted to transfer credits under the agreement terms.
9. **Conditions:** Conditions requested by the receiving institution are listed on the following pages. The University of Wisconsin-Parkside and **Wisconsin Technical College System** have produced this guide as a tool for students. Every effort is made to maintain accurate information; however, this guide is subject to change. Students should contact the program or college advisor to stay informed of changes, as final responsibility for verifying information rests with the student.
