# CHANCELLOR'S MESSAGE

Chancellor Deborah Ford

Welcome to the 2022 Spring Commencement of the University of Wisconsin-Parkside. UW-Parkside was established to provide affordable access to a University of Wisconsin education for students in southeastern Wisconsin – a bold beginning back in 1968.

As each graduate crosses the stage, that individual carries a personal and compelling story of determination in successfully achieving this important milestone. It is the combination of these stories for more than a half century that has established the remarkable legacy of our university.

Commencement is also a time for us to salute more than 27,000 UW-Parkside graduates, 60 percent of whom were the first in their immediate families to earn a university degree. Thanks to an educational environment that reflects and celebrates the vibrant communities we serve, UW-Parkside graduates combine highly relevant academic skills with practical experiences for a unique perspective focused on our future.

At the heart of our university are the People of Parkside, a remarkable team of faculty and staff. This dedicated group supports the work and commitment of our students and graduates as they achieve their dreams, and allows our university community to realize shared goals.

Today, more than 500 men and women – another record UW-Parkside Spring Class – join a tradition of excellence in serving as proud and talented UW-Parkside alumni.

To the friends and family members of our graduates, thank you for the countless hours of support. To the University of Wisconsin-Parkside Class of 2022, my heartiest congratulations on your success.

Sincerely,

A handwritten signature in black ink that reads "Deborah L. Ford". The signature is written in a cursive, flowing style.

## **UW-Parkside Chancellor Debbie Ford: Education = Equity**

The data is clear, a college education is one of the best ways to address persistent inequality in our society and provide access to economic opportunity for low-income, first-generation students and students of color. As the most diverse four-year campus in the University of Wisconsin System, I’m proud that UW-Parkside is dedicated to creating a highly educated, diverse workforce in southeastern Wisconsin. Nearly 60% of our students are first-generation and our minority representation is 31.4%, reflecting the urban core of our region. Burke met with the Association to Advance Collegiate Schools of Business (AACSB) visit team as a student representative when the business department went through the re-accreditation process. Burke also participated in "Rebuilding Kenosha," and worked as an intern for a local company, where she utilized her information systems knowledge and skills to build databases. She is planning to start a non-profit organization and has been admitted to UW-Parkside's MBA program, which she will start in fall 2022.

Dr. Suresh Chalasani, a professor in the Department of Business says, "It is not often that we see a non-traditional student with work and life responsibilities pursuing four different majors, two different certificates, and achieving a near-perfect GPA. It is not often that we see an exceptionally well-rounded student represent UW-Parkside on our campus and the surrounding community admirably. In an age where we are seeking to increase women's participation in quantitative and technical fields, Kelly's luminary achievements in multiple majors serve as a guiding light to future students."

Congratulations, Kelly!

# COMMENCEMENT TRADITIONS

## ACADEMIC ATTIRE

Traditional academic attire of caps, gowns, and hoods dates to the 12th century, when faculty were often members of the clergy who wore garb similar to those of church orders. Over the centuries, this formal academic attire has come to symbolize the academic achievement of the wearer.

The gown and hood symbolize the degree the wearer holds or is about to receive. The bachelor's degree gown has a closed front and long, pointed sleeves. The master's degree gown has a closed sleeve with a slit near the upper arm and the pointed part of the sleeve dangling below the arm. The doctor's gown is faced with velvet and has three chevrons on each bell shaped sleeve. The velvet may be black or its color could indicate the field in which the degree was taken; the most common color is dark blue signifying the Ph.D. Notable exception to the traditional black doctor's robes are those worn by graduates of Yale (blue) and Harvard (crimson). We also have faculty with degrees from international universities who wear different styles of robes or hoods.

Hoods are rarely worn for bachelor's degrees. The master's hood is shorter than the doctor's and lacks its colored panels. Hoods are lined with the colors of the institution granting the degree and are edged with velvet in the color symbolic of the wearer's academic field: business, tan; science, gold; dark blue for the Ph.D. designates learning and scholarship and not a degree in philosophy.

The mortarboard cap came into use after the hood was no longer worn on the head. The tassel, worn over the left temple, is usually black although a colored tassel can be worn to designate an academic discipline. The doctor's cap may be a tam or soft cap of various designs, and the tassel may be gold.

## COMMENCEMENT SYMBOLS

The University Medallion is worn by the chancellor. The medallion incorporates the university mark and was made by Judith Olsen, '75, Art. The flags displayed on the platform carry the colors of the academic disciplines. The mace, of brass and raw purple heartwood, is a symbol of authority carried by the grand marshal. The mace was designed by Rollin G. Jansky, emeritus associate professor of art.
